

Project Development Phase

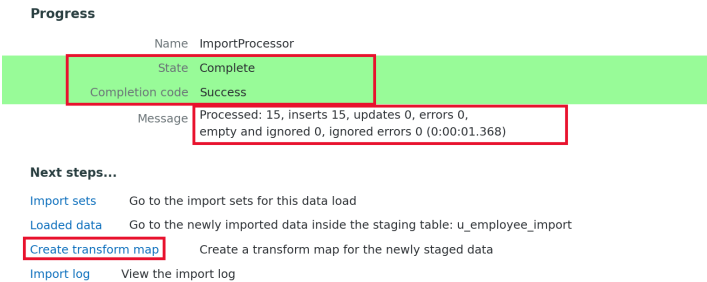

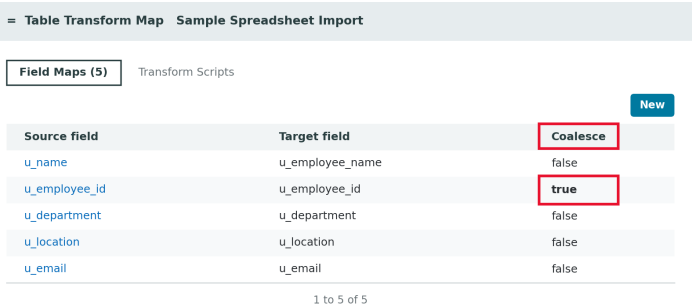

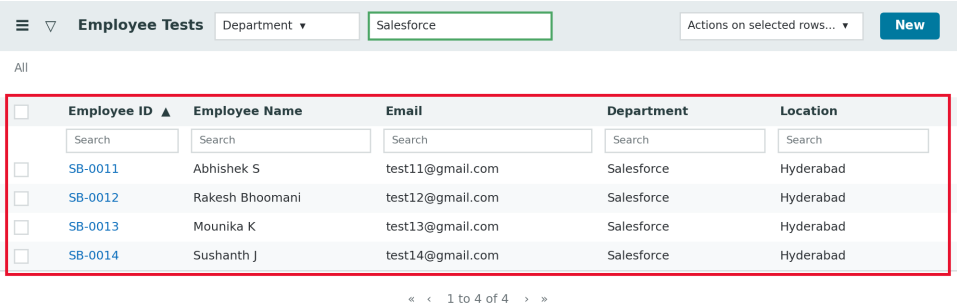

Model Performance Test

Date	Oct 2nd 2026
Team ID	6ab8c330c23107aaaa72e953
Project Name	Import Data using Transform Maps (Spreadsheet)
Maximum Marks	

Model Performance Testing:

Project team shall fill the following information in model performance testing template.

S.No.	Parameter	Screenshot / Values
1.	Data Rendered	Data rendered in the Employee List Report (report type: List, table: Employee Test [u_employee_test]). Columns: Employee ID, Employee Name, Email, Department, Location. Rows: 17 (1 to 17 of 17), sorted by Employee ID. Data comes from the spreadsheet import (15 rows) plus the update load (2 changed rows, 2 new rows).

S.No.	Parameter	Screenshot / Values
2.	Data Preprocessing	- Spreadsheet loaded through System Import Sets → Load Data into staging table u_employee_import (Processed 15, inserts 15, errors 0). - Transform Map Sample Spreadsheet Import maps each staging field to the target field. Coalesce = true on u_employee_id so repeated loads update records instead of duplicating them. - Second load (4 rows): 2 inserts + 2 updates; third load (same file): 4 ignored.  Figure 2: Import Set staging load.  Figure 3: Transform Map field maps with Coalesce.
3.	Utilization of Data Filters	- Column search filter on the list: Department = Salesforce → 4 records. - Filter by Employee ID / Location is available through the same search row. - Reports use Group by filters (Department, Location) with condition “All”. - Dashboard sharing filters: Users, Groups and Roles.  Figure 4: Data filter on Department.

S.No.	Parameter	Screenshot / Values																																				
4.	DAX Queries Used	<i>ServiceNow reports use aggregations and encoded queries rather than DAX. Equivalent logic used in this project:</i> Report 1 - Group by Department, Aggregation COUNT Report 2 - Group by Location, Aggregation COUNT Filter query: u_department=Salesforce GlideAggregate equivalent: <pre>var ga = new GlideAggregate('u_employee_test'); ga.addAggregate('COUNT'); ga.groupBy('u_department'); ga.query(); // ServiceNow=11, Salesforce=4, Aiml=2</pre> Employees by Department ServiceNow = 11 (64.71%) Salesforce = 4 (23.53%) Aiml = 2 (11.76%) Employees by Location <i>Figure 5: Output of the COUNT aggregations.</i>																																				
5.	Dashboard design	No of Visualizations / Graphs - 3 Dashboard: Employee Analytics Dashboard • Pie - Employees by Department • Bar - Employees by Location • List - Employee List Report Created through PA_DASHBOARDS.FORM after enabling Admin overrides on the pa_dashboards create ACL; widgets can also be added with the + icon. Employee Analytics Dashboard Employee List Report <table> <thead> <tr> <th>Employee ID</th> <th>Employee Name</th> <th>Email</th> </tr> </thead> <tbody> <tr><td>SB-0017</td><td>Naga sai</td><td>test17@gmail.com</td></tr> <tr><td>SB-0016</td><td>Siri</td><td>test16@gmail.com</td></tr> <tr><td>SB-0015</td><td>Srinu Nandipalli</td><td>test15@gmail.com</td></tr> <tr><td>SB-0014</td><td>Sushanth J</td><td>test14@gmail.com</td></tr> <tr><td>SB-0013</td><td>Mounika K</td><td>test13@gmail.com</td></tr> <tr><td>SB-0012</td><td>Rakesh Bhoomani</td><td>test12@gmail.com</td></tr> <tr><td>SB-0011</td><td>Abhishek S</td><td>test11@gmail.com</td></tr> <tr><td>SB-0010</td><td>Raviteja</td><td>test18@gmail.com</td></tr> <tr><td>SB-0009</td><td>Praneeth S</td><td>test9@gmail.com</td></tr> <tr><td>SB-0008</td><td>Prashanth Reddy</td><td>test8@gmail.com</td></tr> <tr><td>SB-0007</td><td>Yaswanth Nikku</td><td>test7@gmail.com</td></tr> </tbody> </table> Employees by Location Employees by Department ServiceNow = 11 (64.71%) Salesforce = 4 (23.53%) Aiml = 2 (11.76%) <i>Figure 6: Employee Analytics Dashboard.</i>	Employee ID	Employee Name	Email	SB-0017	Naga sai	test17@gmail.com	SB-0016	Siri	test16@gmail.com	SB-0015	Srinu Nandipalli	test15@gmail.com	SB-0014	Sushanth J	test14@gmail.com	SB-0013	Mounika K	test13@gmail.com	SB-0012	Rakesh Bhoomani	test12@gmail.com	SB-0011	Abhishek S	test11@gmail.com	SB-0010	Raviteja	test18@gmail.com	SB-0009	Praneeth S	test9@gmail.com	SB-0008	Prashanth Reddy	test8@gmail.com	SB-0007	Yaswanth Nikku	test7@gmail.com
